**NOTICE OF PROPOSED
ADMINISTRATIVE FINE
AND LICENSE ACTION
No. AF 05 - 041**

May 20, 2005

I. INTRODUCTION

This Notice of Proposed Administrative Fine and License Action is issued by the Department of Environmental Services, Waste Management Division to Arshad Hamid. Pursuant to RSA 146-C:10-a and NH Admin. Rule Env-C 600, the Division is proposing that fines totaling **\$2,800** be imposed against Arshad Hamid for the violations alleged below. Also, pursuant to RSA 541-A:30, RSA 146-C:4, and Env-Wm 1401.09, the Division is proposing that DES suspend the permit to operate an underground storage facility held by Arshad Hamid, based on the violations alleged below. **This notice contains important procedural information. Please read the entire notice carefully.**

II. PARTIES

1. The Department of Environmental Services, Waste Management Division ("the Division"), is an administrative agency of the State of New Hampshire, having its principal office at 29 Hazen Drive, Concord, NH 03302-0095.
2. Arshad Hamid is an individual having a mailing address of 324 Main Street, Gorham, NH 03581.

III. SUMMARY OF FACTS AND LAW SUPPORTING CLAIMS

1. RSA 146-C authorizes the Department of Environmental Services ("DES") to regulate the installation, maintenance, operation, licensing and closure of underground storage facilities. Pursuant to RSA 146-C:9, the Commissioner of DES has adopted N.H. Admin. Rules Env-Wm 1401 to set forth the requirements for underground storage facilities by "establishing criteria for registration and permitting, and standards for design, installation, operation, maintenance, and monitoring of such facilities."
2. RSA 146-C:10-a authorizes the Commissioner to impose administrative fines of up to \$2,000 per offense upon any person who violates any provision of RSA 146-C or any rule adopted under the provisions of this chapter. Pursuant to RSA 146-C:10-a, the Commissioner has adopted Env-C 607 to establish the schedule of fines for such violations.

3. RSA 146-C:4 prohibits the operation of an underground storage facility in New Hampshire without a permit. The permit to operate is issued by, and may be revoked by DES in accordance with RSA 541-A:30 for just cause, including, but not limited to, the operation or ownership of an underground storage facility in violation of DES's rules. Pursuant to RSA 146-C:9, the Commissioner has adopted Env-Wm 1401 regarding the ownership, registration and operation of underground storage tanks and facilities including criteria for issuing, renewing and revoking a permit to operate an underground storage tank or facility in New Hampshire.

4. Arshad Hamid is the registered facility owner of one underground storage tank ("UST") at the Gorham Motor Inn facility ("the Facility"), further identified as UST # 0113868, located on real property at 324 Main Street, Gorham, NH ("the Property"). DES issued permit to operate No. 0113868 dated May 1, 2004 ("the Permit") to Arshad Hamid, to allow the operation of the UST at the Facility.

5. The UST system is subject to the requirements of RSA 146-C and Env-Wm 1401.

6. On August 3, 2004, a Division inspector conducted a compliance inspection at the Facility and noted compliance deficiencies which were identified in a report (the "Report") issued to the Facility representative at the time of the inspection.

7. The Report notified the Facility that compliance was to be achieved within 30 days of the date of the inspection and verification of compliance submitted to the Division within 45 days of the date of the inspection. Acknowledgement of receipt of the Report was signed by Arshad Hamid on behalf of the Facility.

8. The Report also included a UST Facility Summary of Deficiencies identified at the time of the inspection. Among those deficiencies identified, the Division was not notified that the following were corrected within 45 days after the inspection was performed:

- a. The permit was not displayed at the Facility;
- b. Required stock inventory records for the 6,000-gallon #2 fuel oil UST (Tank 2) were not maintained;
- c. The overfill protection device for Tank 2 was not installed properly;
- d. The leak monitoring equipment for Tank 2 was not continuously operating and the leak monitor's annual test had not been performed; and
- e. The piping for Tank 2 is not corrosion protected.

9. Env-Wm 1401.07(c) requires a permit to be displayed so it is visible and permanently affixed on the facility premises.

10. Env-Wm 1401.11(a) requires the owner of an underground storage facility to conduct inventory monitoring for each underground storage tank, and to maintain separate records for each tank and interconnected system.

11. Env-Wm 1401.25(d) defines the manner in which the overfill protection device shall be installed and maintained.

12. Env-Wm 1401.31(a) requires leak monitoring equipment and devices to be maintained in good working order at all times to continuously perform their original design function and shall be tested annually for proper operation in accordance with the manufacturer's requirements.

13. Env-Wm 1401.33(b) requires corrosion protection be installed on regulated piping prior to December 22, 1998.

IV. VIOLATIONS ALLEGED, PROPOSED LICENSE ACTION, AND ADMINISTRATIVE FINE(S)

1. Arshad Hamid has violated Env-Wm 1401.07(c) by failing to display and permanently affix a permit at the Facility. For this violation, Env-C 607.02(b) specifies a fine of \$100.

2. Arshad Hamid has violated Env-Wm 1401.11(a) by failing to maintain accurate stock inventory records for Tank 2 in accordance with RSA 146-C:5 and Env-Wm 1401.11. For this violation, Env-C 607.05(a) specifies a fine of \$500 per requirement not met.

3. Arshad Hamid has violated Env-Wm 1401.25(d) by failing to properly install the overfill protection device on Tank 2. For this violation, Env-C 607.05(j) specifies a fine of \$200 per requirement not met.

4. Arshad Hamid has violated Env-Wm 1401.31(a) by failing to maintain leak monitoring equipment in good working order at all times to continuously perform their original design function for Tank 2 and by failing to perform the annual test for proper operation. For this violation, Env-C 607.05(d) specifies a fine of \$1,000 per requirement not met.

5. Arshad Hamid has violated Env-Wm 1401.33(b) by failing to install corrosion protection for the piping system of Tank 2. For this violation Env-C 607.03(f) specifies a fine of \$1,000 per requirement not met.

6. Based on the violations identified above, the Division proposes that DES revoke the permit to operate.

The total fine being sought is \$2,800.

V. REQUIRED RESPONSE, OPPORTUNITY FOR HEARING

Pursuant to Env-C 601.06, Arshad Hamid is required to respond to this notice. Please respond no later than July 6, 2005 date using the enclosed colored form.

Arshad Hamid has the right to a hearing to contest these allegations before the proposed license action is taken or any administrative fine is imposed. The hearing would be a formal adjudicative proceeding pursuant to RSA 541-A:31, at which Arshad Hamid and any witnesses Arshad Hamid may call would have the opportunity to present testimony and evidence as to why the proposed action should not be taken. All testimony at the hearing would be under oath and would be subject to cross examination. If Arshad Hamid wishes to have a hearing, one will be

scheduled promptly.

RSA 541-A:31, III(e) provides that Arshad Hamid has the right to have an attorney present to represent Arshad Hamid at Arshad Hamid's expense. Arshad Hamid is not required to be represented by an attorney. If Arshad Hamid chooses to be represented by an attorney, the attorney must file an appearance and comply with NH Admin. Rule Env-C 200.

1. If Arshad Hamid would like to have a hearing, please have an authorized representative sign the appearance section of the colored form (upper portion), check the appropriate line requesting a **formal hearing** and return it to the DES Legal Unit, at the address noted on the form.
2. If Arshad Hamid wishes to discuss the possibility of settling the case, please have an authorized representative sign the appearance form, check the appropriate line indicating a desire to **meet informally** and return it to the DES Legal Unit.
3. If Arshad Hamid chooses to waive the hearing, relinquish the permit to operate and/or pay the proposed fine, please have an authorized representative sign the waiver (lower portion) and return it **with payment of the fine** to the DES Legal Unit.

VI. DETERMINATION OF LIABILITY FOR ADMINISTRATIVE FINES

Pursuant to Env-C 601.09, in order for any fine to be imposed after a hearing, the Division must prove, by a preponderance of the evidence, that Arshad Hamid committed the violations alleged and that the total amount of fines sought is the appropriate amount under the applicable statute and rules. Proving something by a preponderance of the evidence means that it is **more likely than not** that the thing sought to be proved is true.

If the Division proves that Arshad Hamid committed the violations and that the total amount of fines sought is the appropriate amount under the applicable statute and rules, then the fine sought will be imposed, subject to the following:

* Pursuant to Env-C 601.09(c), the fine will be **reduced by 10%** for each of the circumstances listed below **that Arshad Hamid proves, by a preponderance of the evidence**, applies in this case:

1. The violation was a one-time or non-continuing violation, **and** Arshad Hamid did not know about the requirement when the violation occurred, **and** the violation has not continued or reoccurred as of the time of the hearing, **and** any environmental harm or threat of harm has been corrected, **and** Arshad Hamid did not benefit financially, whether directly or indirectly, from the violation.
2. At the time the violation was committed, Arshad Hamid was making a good faith effort to comply with the requirement that was violated.
3. Arshad Hamid has no history of non-compliance with the statutes or rules implemented by DES or with any permit issued by DES or contract entered into with DES.

4. Other information exists which is favorable to the Arshad Hamid's case which was not known to the Division at the time the fine was proposed.

*******IMPORTANT NOTICE*******

An administrative hearing is a formal hearing. All hearings will be recorded, and all witnesses will testify under oath or affirmation. At the hearing, the Division will present testimony and evidence to try to prove that Arshad Hamid committed the violation(s) alleged above, that the proposed license action be taken and proposed fine(s) be imposed. **The hearing is Arshad Hamid's opportunity to present testimony and evidence that Arshad Hamid did not commit the violation(s), that the proposed license action should not be taken and/or that the fine(s) should not be imposed, or that the fine(s) sought should be reduced.** If Arshad Hamid has any evidence, such as photographs, business records or other documents, that Arshad Hamid believes show that Arshad Hamid did not commit the violation(s) or that otherwise support Arshad Hamid's position, then Arshad Hamid should bring the evidence to the hearing. Arshad Hamid may also bring witnesses (other people) to the hearing to testify on Arshad Hamid's behalf.

Information regarding this proposed administrative fine and license action may be made available to the public via the DES Web page (www.des.nh.gov). If Arshad Hamid has any questions about this matter, please contact the DES Legal Unit at (603) 751-5509.

Administrative Fines of the Department of Environmental Services

The Commissioner of the Department of Environmental Services (DES) is authorized by several statutes to impose administrative fines for certain violations of those statutes. In order to implement this authority, the Commissioner has adopted rules which specify the procedures for notifying people that a fine is being proposed and which specify the fine amount for any given violation. These rules are identified as Chapter Env-C 600.

Administrative fine proceedings follow a defined path. The first step is for a Division of DES to issue a Notice of Proposed Fine. The Notice will inform you of the violations the Division believes you have committed, together with the dollar amount of the fine that is being proposed. At this point, a final decision as to whether to impose the fine **has not been made** ... the Notice simply initiates the proceeding. The Notice will also inform you that you have a right to have a hearing before a final decision will be made, and may give a date and time for the hearing.

The Notice you receive will have a page attached to it on which you can indicate whether you will attend a hearing or whether you are waiving your right to a hearing and paying the fine which has been proposed. **YOU MUST COMPLETE AND RETURN THIS FORM.** The worst thing you can do if you receive a Notice is to ignore it! Under the rules which have been adopted, the case can proceed even if you don't respond. In order to achieve the best result, you must participate in the process.

When you receive a Notice of Proposed Fine, if you are interested in trying to settle the case without going to a formal hearing you should contact the person identified in the Notice. Many fine cases are settled in this way, often with a lower fine, a payment schedule, and/or a suspended fine. The negotiations need to start soon after the Notice is received, though. Don't wait until the day scheduled for the hearing to ask about settling the case.

If the case proceeds to a hearing, the Commissioner will designate a person to serve as a hearing officer to preside at the formal hearing. The hearing officer will not have prior knowledge of the Division's allegations, and will be neutral insofar as the outcome of the case is concerned. At the hearing, the Division will be required to prove that the violation(s) occurred and that the proposed fine is warranted. You will have an opportunity to ask questions of (cross-examine) the Division staff, and also present your own evidence, including testimony of witnesses if you wish, to show why the fine should not be imposed.

(over)

After the hearing is over, the hearing officer will compile the record (i.e. all of the information that was received at the hearing) and will make a recommendation to the Commissioner as to whether or not the fine should be imposed. The Commissioner will make a decision based on the evidence and testimony, and the decision issued by the Commissioner will specifically state the reasons for the decision.

The rules adopted by the Commissioner require the proposed fine to be reduced in certain circumstances, which are listed at Env-C 601.09. These include that you have not previously violated a law or rule implemented by DES, or that you acted in good faith. The Commissioner also has the discretion to allow you to pay a fine on a payment schedule, and/or to suspend all or a portion of the fine conditional upon remedying the underlying violation or staying in compliance with DES requirements for a specified period of time.

Sometimes people are concerned that the findings and rulings made by the Commissioner might be used against them in a separate proceeding (for instance, if their neighbor sues them for damages arising out of the same violation(s) for which they are being fined). In such a case, DES has accepted payment of the fine with a specific denial of liability. This is like pleading "no contest" to a traffic ticket: you pay the fine assessed, but are not admitting that you did anything wrong.

This fact sheet is intended as a basic source of information concerning DES administrative fines. It is not intended to replace the laws and rules regarding administrative fines, but merely to provide a summary of them.
